Special to The Tribune.

PARK CITY. Feb. 18.—The city council received bids for doing the scavenger work of the city, and the contract for doing the work was let to Churles Dalberg at £220 per month.

A resolution was passed calling a special election to take place on March 20, 1910, for the purpose of bonding the city for a new water system.

The matter of oppointing a fire chief was left over, to be considered at the next meeting.

The city marshal was authorized to purchase all necessary notices and receipts for both poil and dog taxes.

Special to The Tribune. PARK CITY, Feb. 18 .- One of the worst rank Citt, Feb. 18.—One of the worst storms of the season is in progress here today, the snowfall thus far being about fifteen inches on the level. The thermometer is hovering around the zero mark without much variation.

SUSPICIOUS COUNCILMEN DO A LITTLE BUSINESS

Special to The Tribune.

OGDEN, Feb. 18.—G. W. Twedell, a stranger in the city, reported to the police that he had been "touched" for his pocketbook, containing \$7 in money and a draft for \$100, while talking to a woman whom he met on Twenty-fourth, botween Adams and Jefferson avenues, at an early hour this morning.

Twedell could not furnish a good description of the woman, but he is positive that she was either a Japanese or a bright mulatto. The woman, he says, stopped him on the strest and they began talking. After they separated he felt in his pocket and missed his wallet. Payment on the 'draft has been ordered stopped. Special to The Tribune.

LOGAN. Feb. 18.—The two warring factions in the Logan city council got together long enough last evening to transact some of the business that has been awaiting the time when they could agree. At first it looked as if there would be no meeting as Prof. John T. Caine, leader of the five Democrats, is in the east and they had decided not to meet again until he returned. When they became satisfied, however, that the five Republicans would not take any advantage of them, they attended and took up the matter of allowing J. P. O'Neil of Ogden to assume the contract for constructing the sewer system here. Davis, Heuser & Co. were awarded the contract last fall, and they have been at work on the Job ever since, but have made little progress and, becoming discouraged, decided to quit even if they had to forfeit their bond. They finally induced O'Neil to take the using off their hands, for a consideration, of course. The council ratified this agreement, provided the surety company on the pointractors' bonds will agree to it. The time for finishing the work was extended to August 15.

A new poolroom and billiard hall ordinance was considered and passed to its second reading. It is designed to stop the sale of soft drinks in pool halls and makes it an offense to sell any beverage that contains as much as one-half of one per cent of alcohol. It fixed 9 o'clock as the time for closing and increases the license required considerably. By the same ordinance, minors are forbidden to enter bowling alleys. While the council was able to transact this much business, there was a fierce old fight over the minutes of a former meeting, and when the Democrat in the chair was overruled by the members of the council we left it in disgust. The fight promises to break out afresh when the absent Democrat returns. Special to The Tribune.

OGDEN, Feb. 18.—For the purpose of discussing the proposed amendments offered to the liquor ordinance suggested by a committee from the Ogden Betterment league last Sunday night, the city council as a committee of the whole met in the office of the mayor this ovening. Some of the amendments suggested by the Betterment league are of a radical nature, especially that which requires saloons to close at 7 o'clock in the evening instead of 1 o'clock, the present hour.

PROVO, Feb. 18.—C. E. Loose, James G. Duffin and others are contemplating the building of a suburban town on Provo bench, just west from Olmstead. The location for the proposed city is in the heart of the fruit belt and the idea is to give the fruit-growers the advantages of modern schools, commercial houses and other conveniences. Jesse Knight will be asked to run his interurban railroad through the new town.

A hig summer hotel is to be built in Provo canyon this summer, which will have pleasure grounds and amusement features. It is intended to build and equip the hotel with all modern conveniences, so that people can enjoy the advantages of the canyon and at the same time have the comforts of home and city life. The land at the mouth of South Fork in Provo canyon, where the hotel is to be built, has been surveyed and platted, and lots will be sold to those who wish to establish summer homes there. The site is an ideal one and the natural attractions of the canyou are the finest in the undertaking and is promoting the enterprise.

MURRAY PEOPLE FAVOR COTTONWOOD AUTO LINE

Special to The Tribune.

EUREKA. Feb. 18.—Searching parties are scouring East Tintle tonight for some trace of Andrew Wilson, for four-teen years a resident of this district, who disappeared from this city Thursday night and has not been seen since. Wilson has been employed as a watchman at the Grant property. In East Tintle, and left here with a stock of provisions Thursday evening for his cabin, near the mine. He was to return Friday morning. When Wilson did not put in an appearance, a friend left for the mine to make an investigation, but he was unable to find any trace of Wilson. His dog and the provisions were at the property, but there was no trace of the missing man's whereabouts.

Word was sent to Eureka and searching parties immediately went out. It is feared that Wilson lost his way in the snow or perhaps fell into an abandoned shaft. Special to The Tribune.

Ellen Drysdaie testified that Joseph Drysdale, Jr. had neglected to provide for her for some time, and was allowed a divorce, \$50 attorneys' fees, \$15 monthly alimony and the custody of a minor child. The Drysdales were married at Brigham City, February 11, 1909.

Golda C. Wise was allowed to resume her maiden name, Golda Clifford, and was given \$50 attorneys' fees and the costs in the divorce decree issued to her from William B. Wise. They were married in Ogden, June 15, 1907. Since October, 1909, Wise has not contributed to the support of his wife, according to her testimony.

BRIGHAM. Feb. 18.—A case of scarlet fever has put in its appearance in this city, and the board of education is quite alarmed over the matter. The case broke out in the Columbia school, in the Fourth ward and thereby exposed all the children of that department. As soon as possible a meeting of the board was called and it was unanimously decided to close that school and keep it closed until the last of the month at least and longer if any more cases break out as a result of the exposure.

A meeting of the city board of health was also held, at which it was decided to use every possible precaution to check the spread of the dread disease. The family are under strict quarantine, and all the neighbors of the afflicted family are placed under temporary quarantine. The board of health will also insist that all the children of the closed school be compelled to remain at home until the opening of the school on the 28th.

BOISE, Ida., Feb. 18.—With the announced intention of impeaching a witness, Prosecutor Pevton Gordon this afternoon propounded questions to the government's witness, Charles L. Carey, then on the stand, whose testimony in the Kettenbach-Kester-Dwyer case as given today was out of barmony with the testimony he gave during the last trial of the defendants at Moscow. Judge Frank S. Dietrich barred the query on the grounds that it was not a proper impeachment question. Carey had testified that there was an understanding when on the stand, and
